

## **New Jersey Horse Council Equine Veterinary Student Work Fellowship**

The New Jersey Horse Council (NJHC) is proud to announce the establishment of the NJHC Equine Veterinary Student Work Fellowship. This fellowship program will enable New Jersey State resident veterinary students to gain valuable summer experience with a New Jersey Equine practitioner. This program will benefit both the student planning on going into equine practice and the equine practitioner, in that it will provide a means for meeting soon to be graduates who may one day become associates. This fellowship will also benefit the equine industry in New Jersey, in that it will entice new veterinary graduates to practice in New Jersey.

The NJHC plans to give one grant of \$4,000 to a qualified student to work for a New Jersey licensed equine veterinarian who has the majority of their practice in New Jersey.

The recipient will be chosen based on a combination of equine experience, number of years attended at veterinary school and some consideration will be given based on financial need.

Being that the applicant needs to be a New Jersey resident who is planning to go into equine practice, we expect the application pool to be fairly small. Therefore, *all* New Jersey resident veterinary students who are considering going into equine practice are encouraged to apply, regardless of your financial situation or year in attendance.

To qualify, you must:

1. Be a New Jersey resident in attendance at an AVMA accredited school of veterinary medicine.
2. Submit the enclosed application form along with two letters of recommendation, resume or CV, and summary of equine experience, by March 15, 2003, to:

NJHC EVS Work Fellowship  
c/o Daniel P. Keenan, D.V.M. and Associates  
165 A Third Street  
Bordentown, NJ 08505

The Fellowship Recipient will be announced April 1, 2003.
